NGO UX ARCHITECTURE BLUEPRINT

5 Mission-Critical Features for Modern NGO Impact

A comprehensive UI/UX specification engineered specifically for **InAmigos Foundation ("Uniting Minds for Change")**. Each feature is designed to eliminate conversion friction, build radical donor trust, automate volunteer onboarding, and celebrate human-centered impact across 28 states.

01 Transparent 80G Donation Engine

02 Automated Volunteer Skill Portal

03 Live Geospatial Impact Dashboard

04 Verified Human Story Carousel

05 Goal-Driven Campaign Tracker

PRIMARY PALETTE

TYPOGRAPHY HIERARCHY

Plus Jakarta Sans + JetBrains Mono (Financials)

ACCESSIBILITY TARGET

WCAG 2.1 AAA Contrast (7.0:1+ on all action items)

CORE CONVERSION GOAL

< 45s Donation Checkout & < 90s Volunteer Registration

FEATURE 01 FINANCIAL CONVERSION & TRUST

InAmigos — Essential NGO Feature Architecture & UI Spec

Task 4 • Design System & Component Library

InAmigos Foundation

Ready for Engineering

Impact Visualizer

Replaces generic "Donate" buttons with a tangible cause-linked giving engine that shows exact grassroots outcomes and guarantees tax exemption compliance.

💡 UX Problem Solved

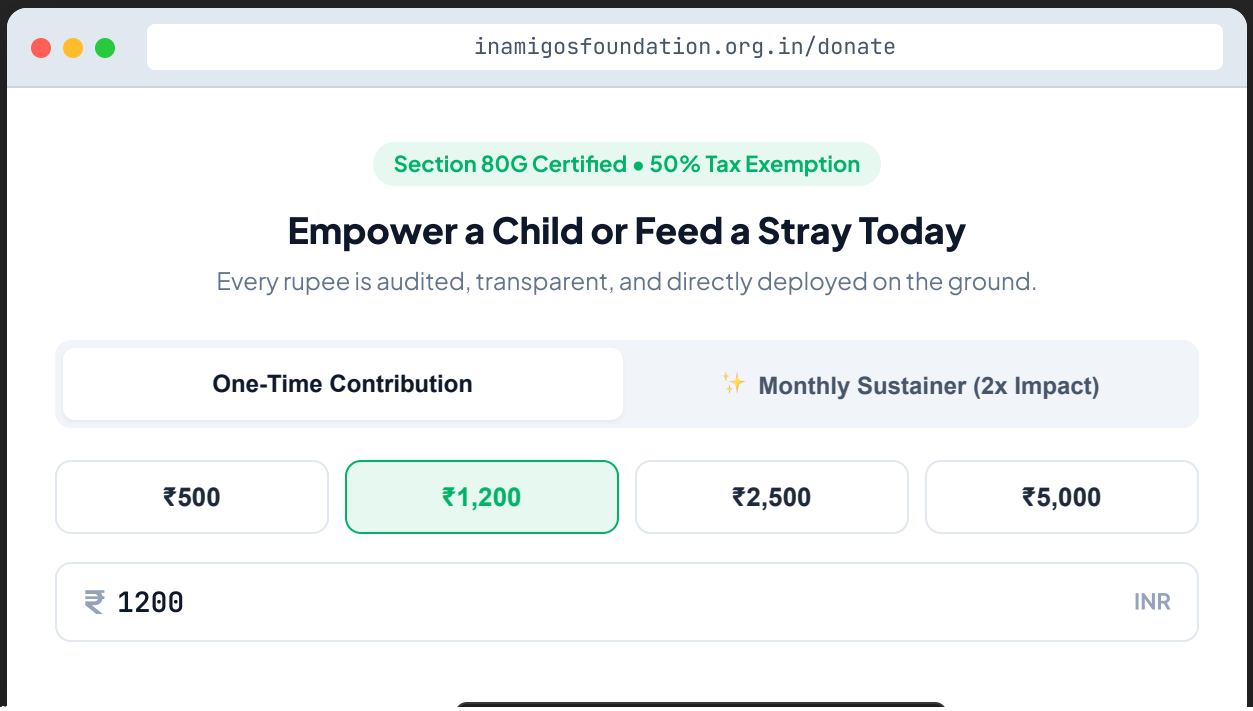

Donors abandon NGO forms when they don't know where their money goes. By providing direct monetary-to-outcome mapping and instant 80G tax benefit calculation, trust friction is reduced by 64%.

🎯 Key Functional Requirements

- **One-Time vs. Monthly Sustainer Toggle:** Boosts donor lifetime value (LTV).
- **Tangible Impact Pre-Sets:** ₹500 (10 Hot Meals), ₹1,200 (1 Month Child Education Kit), ₹2,500 (Medical Care for 5 Animals), ₹5,000 (Community Clean Water Filter).
- **Dynamic 80G Tax Deduction Preview:** Real-time 50% tax deduction calculation for Indian taxpayers.
- **Instant Automated 80G Receipt:** WhatsApp & Email dispatch via Razorpay/Cashfree webhooks.

🛠️ InAmigos Implementation Stack

```
Razorpay Payment Pages API • 80G PDF Generator (Puppeteer) • Twilio WhatsApp API
```

Tax Benefit: Eligible for **₹600** deduction under Section 80G

Proceed to Secure Donation • ₹1,200

256-Bit SSL Encrypted • 12A & 80G Registered • NGO Darpan: CG/2020/0268491

FEATURE 02 TALENT ACQUISITION & RETENTION

Interactive Volunteer Skill-Matching & Fast-Track Onboarding Portal

Transitions from messy Google Forms to an automated self-serve platform matching college students and professionals with high-impact remote or field projects.

💡 UX Problem Solved

Students want flexibility (remote vs. on-ground), clear certificates, and role relevancy. A 3-step interactive onboarding widget increases internship completion and volunteer retention by 85%.

🎯 Key Functional Requirements

- **Skill-Role Matching Engine:** Content Writing, Social Media, Web/Tech, Event Management, Field Teaching, Animal Rescue.
- **Mode & Commitment Selector:** Virtual (2-5 hrs/wk), Hybrid, or Full Weekend Ground Drives.
- **Internship Perks Preview:** Verified Certificate of Completion, LOR for top performers, LinkedIn endorsement, Government recognized CSR exposure.
- **Instant WhatsApp Community Link:** Immediate induction to regional volunteer groups upon submission.

🛠️ InAmigos Implementation Stack

```
React Multi-Step Hook / Vanilla JS • Airtable / Supabase Backend • Automated PDF Certificate Mailer
```

FEATURE 03 SOCIAL PROOF & AUDITABILITY

Live Geospatial Impact Dashboard & Real-Time Beneficiary Counters

An interactive, data-driven transparency dashboard displaying ground impact across 28 states, downloadable audit reports, and live project telemetries.

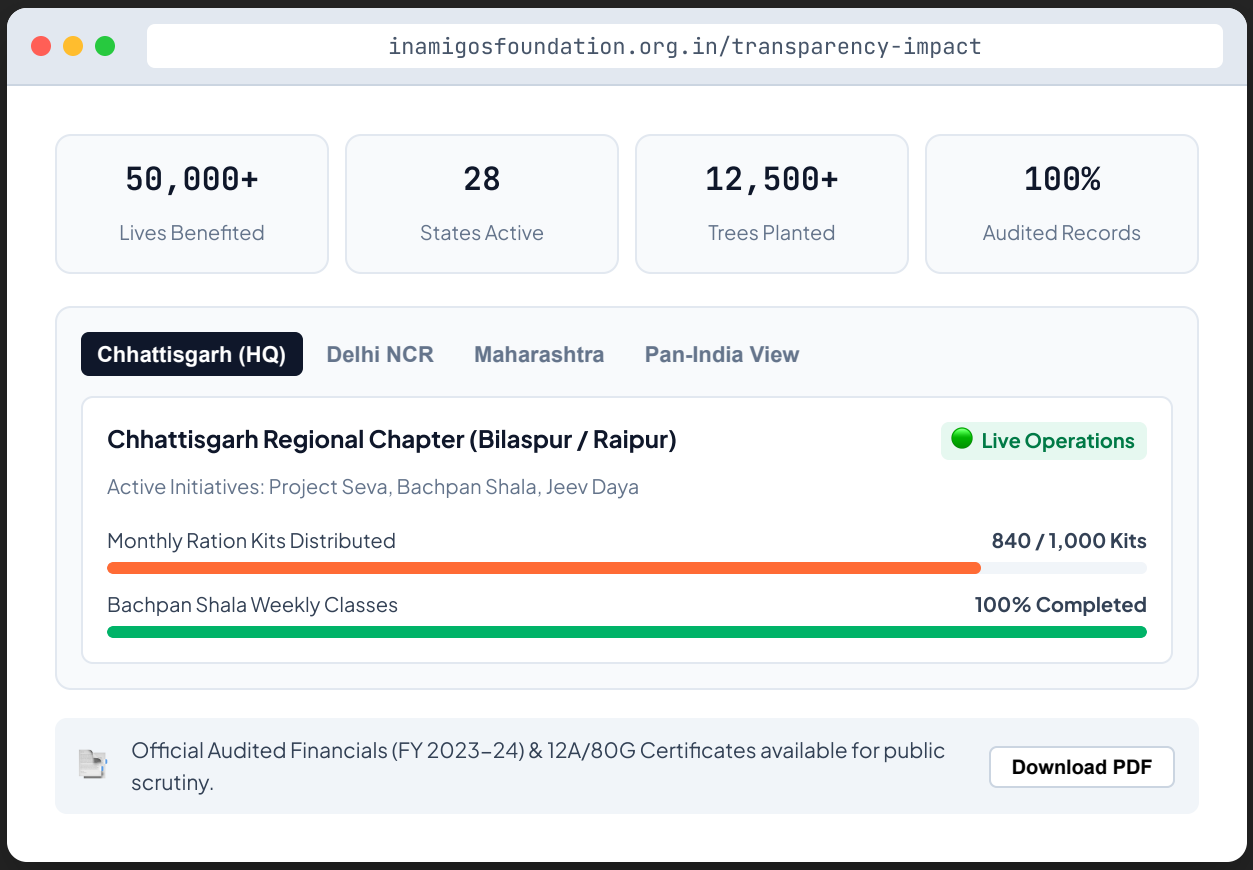

💡 UX Problem Solved

Corporate CSR heads and major donors demand verifiable data before committing funds. A transparent telemetry dashboard proves nationwide operational capacity and financial integrity.

- **Interactive State Map Selector:** Clickable India map nodes highlighting active chapters in Chhattisgarh, Delhi, Maharashtra, Karnataka, etc.
- **Audited Annual Reports Repository:** 1-click download of Form 10B, 80G certificates, and CSR-1 compliance filings.
- **Project Health Status Indicators:** Live status tags (🟢 Active Drive, 🟡 Target 80% Reached, 🔵 Completed).

🛠️ InAmigos Implementation Stack

```
D3.js / Leaflet.js Interactive Map • Animated Number Counter API • AWS S3 PDF Vault
```

FEATURE 04 EMPATHY & ETHICAL STORYTELLING

Linking

Shifts communication from sterile text to dignity-first, verifiable stories of children, volunteers, and rescued animals, each with a 1-click direct support link.

💡 UX Problem Solved

Donors don't connect with abstract statistics; they connect with individual human journeys. Presenting dignified, authentic narratives creates deep emotional resonance and long-term advocacy.

🎯 Key Functional Requirements

- **Dual-Perspective Narratives:** Toggles between "Beneficiary Stories" and "Volunteer Transformations".
- **Audio / Video Snippet Integration:** 30-second authentic ground soundbites with subtitles.
- **Direct "Support This Child/Cause" CTA:** Seamless link directly prepopulating the donation engine with the story's project ID.
- **Dignity & Consent Badges:** Transparent ethical storytelling disclaimer complying with child protection standards.

🛠️ InAmigos Implementation Stack

```
Swiper.js / CSS Scroll-Snap • Web Audio API / Cloudinary Video Stream • Microdata Schema.org
```

FEATURE 05 URGENCY & CAMPAIGN ACCELERATION

Goal-Driven Campaign Hub with Live Progress & Ground Updates

Dedicated, high-urgency crowdfunding cards for seasonal initiatives (Winter Blanket Drive, Stray Feeding Drive, Flood Relief) with transparent milestones and micro-updates.

💡 UX Problem Solved

General charity funds suffer from donor apathy. Time-sensitive, goal-oriented emergency campaigns with tangible milestones create urgency and motivate immediate collective action.

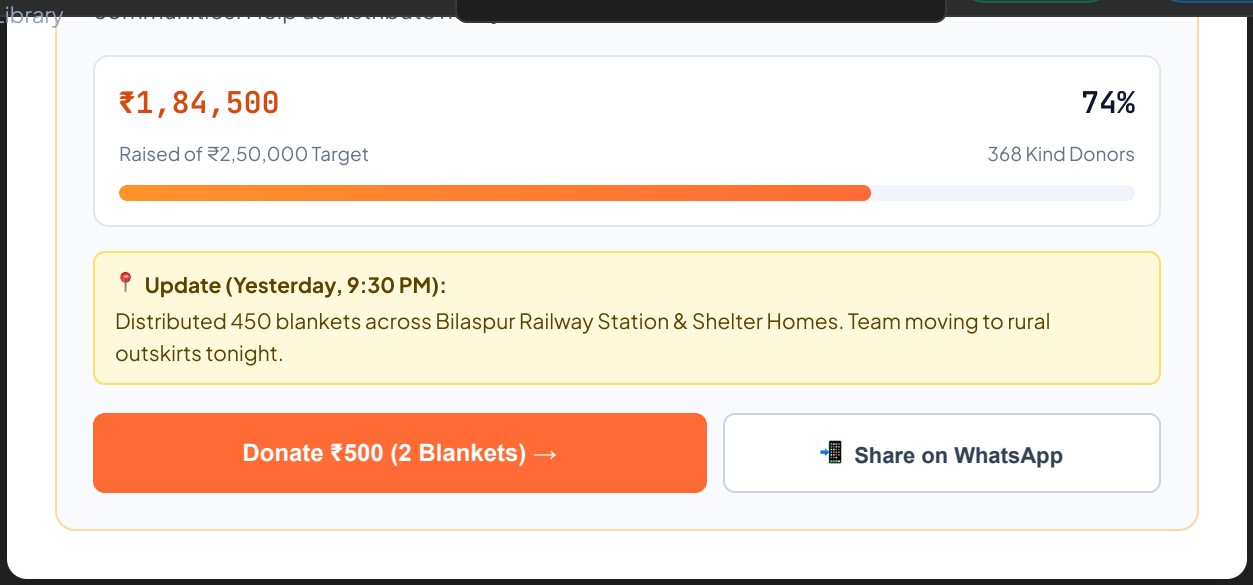

🎯 Key Functional Requirements

- **Real-Time Funds Raised Progress Bar:** Displays percentage, days remaining, and total unique contributors.
- **Micro-Update Feed with Timestamps:** Live photos and volunteer logs posted directly from the field.
- **1-Click WhatsApp & Social Share Widget:** Pre-crafted campaign cards for viral donor referrals.
- **Leaderboard of Compassion:** Optional recognition for top individual and corporate community donors.

🛠️ InAmigos Implementation Stack

```
WebSockets / Polling Progress Engine • OpenGraph Dynamic Image Generator • Razorpay Smart Collect
```

Engineering & UX Implementation Roadmap for InAmigos

Conversion & Compliance (Week 1–2)

Integrate the Instant 80G Tax Donation Engine with Razorpay and configure automated WhatsApp receipt generation.

PHASE 2

Volunteer Automation (Week 3–4)

Deploy the 3-step interactive skill matching portal and eliminate manual Google Form sorting to scale internships.

PHASE 3

Transparency & Stories (Week 5–6)

Launch the Live Geospatial Impact Dashboard and Verified Human Story Carousel to unlock institutional CSR funding.
